Intended Functionality

1. The Copy Pro Traders platform provides the ability to follow and copy other trader's orders as well as providing you with other social trading features and information.
2. Copy Pro Traders provides trade execution functionality which allows you to copy the trading of other traders. You do this by selecting a specific Trader on your Exchange Settings page on our website. By providing your API Key, Private Key, your desired trade amount, and selecting a Trader, you authorize us to automatically recreate trade(s) for you in your account in your Exchange without any additional consultation, consent or approval. For example, we may copy that Trader, stop copying a Traders and/or pause the copying of the copied trader, their account, portfolio and/or strategy and set limits to any position etc.
3. The Copy Pro Traders service may result in trades in several financial instruments. Each trade opened on your behalf as part as the Copy Pro Traders functionality will usually be classified under the same asset class as classified in the copied account. An example of difference may be XBT and BTC. Both are

Copy Pro Traders

recognized as Bitcoin. Another difference may be USDT (Tether) and TUSD (TrueUSD) which both have typical value of 1 US Dollar or very near 1 US Dollar.

4. If you are restricted from trading a certain asset class due to Applicable Law or other regulatory requirements, it is your responsibility not to use the Copy Pro Traders system to acquire that asset class. Our Copy Pro Traders functionality may amount to a form of discretionary investment management. This means that, before you can engage in copy trading, we are required to assess whether Copy Pro Traders is a suitable investment tool for you and under what conditions. Your Exchange actually holds your cryptocurrency assets and is ultimately responsible for setting your trading limits. The result of the Suitability Assessment is determined by information and documents provided to us by the exchange, which you can update at any time.

If we determine that Copy Pro Traders is not a suitable investment tool for you, then you will not be permitted to access the Copy Pro Traders functionalities or platform. We are not liable for any losses that you suffer as a result of providing false or misleading information.

5. Limitations of our Copy Pro Traders service. This information on our website is solely for informational purposes. We do not provide recommendations, personalized investment, investment advice, tax related advice or other financial related advice of any kind. Any explanation or information which we give to you as part of a copy trade, or about the performance of the copy trade is not intended to be, and should not be considered as advice. You should use any information gathered from our website or social trading features as a starting point for your own independent research and investment decision making. However, you should not make investment decisions based on information provided on the Copy Pro Traders platform or Copy Pro Traders Community. We will take reasonable steps to monitor the performance of any copied trader under the Copy Pro Traders functionality, as well as the performance of the different trading strategies and portfolios under the Copy Pro Traders functionality. We reserve the right to pause, stop, or block: (a) any Copy Pro Traders trader from being copied and (b) any portfolio of trading strategy from being copied under the Copy Pro Traders functionality.

6. The key risks of copy trading

6.1 In making a decision to copy a specific trader or traders, strategy and/or portfolio, you should consider your financial situation, including your financial commitments. You should understand that Copy Pro Traders is highly speculative and that you could sustain significant losses exceeding the amount used to copy a trader or traders as a result of the following:

- (a) it will involve automated trading execution whereby trades are opened and closed in your account without your manual intervention;
- (b) if you manually modify or close an order generated by the Copy Pro Traders functionality, you may achieve a materially different result than the trader that you copied;

Copy Pro Traders

(c) copied trades in amounts lower than the minimum trade volume on the user's exchange will not be opened;

(d) following/copying the trading decisions of inexperienced and/or unprofessional traders; and/or

(e) following/copying traders whose ultimate purpose or intention, or financial status may differ from yours.

6.2 We are unable to provide any guarantee as to the performance of any particular investment, account, portfolio or strategy.

6.3 Past performance, statistics and any other information with respect to Pro Traders using our functionality, website or any platform under our Copy Pro Traders functionality, different portfolios and trading strategies are not reliable indicators of future performance. We do not represent or guarantee that you will achieve profits or losses similar to those shown on the Copy Pro Traders trader or portfolio that you are copying. We also do not represent or guarantee that any past performance of a trader will accurately reflect the risk of their future performances.

7. Conflicts of Interest

7.1 We are required to act in your best interest when providing our services. However, there may be instances where your interest conflicts with our interests, or with another client's interest. For example, with respect to copy trading, we may compensate popular Copy Pro Traders' traders who you and/or others have elected to follow and/or copy.

8. Placing an Order

8.1 Before you enter into a trade, you will need to allocate and indicate the amount of cryptocurrency you would like to put towards each copy trade. We will then automatically execute that order for you, which means we will not obtain your confirmation before we do this. The opening of such transactions shall not require any prior consultation, consent or approval. Trades below the minimum trade amount shall not be opened.

8.3 When you are using our Copy Pro Traders service, you choose to copy only new trades which are opened after you begin to copy the trader's account. This means that we will not copy any trades in the trader's account which were entered into before this point.

8.4 When starting the Copy Pro Traders service, the functionality only permits you to copy new trades. We will open your position at the best available price at the time of copying and not the price at the time which the trade being copied was originally opened. If the relevant markets are closed at the time of copying (for example during a market break) we will open a market order for you and once the market reopens, your order will be executed at the first available price. We will open your positions at nearly the same time as the trades being copied; and (b) all instructions and actions related to the copied trade will automatically be replicated in your Copy Pro Traders account (subject to the trade size

Terms of Use

Copy Pro Traders

as explained above), including stop losses, take profits and the closing of trades. For example, if a trader that you are copying extends their stop loss by adding more funds to their account then your stop loss will be adjusted automatically to reflect this. However, your position amount will remain the same as its initial amount.

8.7 The Copy Pro Traders services will add other functionalities from time to time. However, we may add, remove, or change the availability and features of these functionalities, at our discretion. This may impact how you can use the Copy Pro Traders service on our platform.

9. Fees and costs

9.1 The monthly subscription for our service is \$99 worth of Bitcoin paid on advance of using the trading functionality. The renewal date is displayed on the Account tab of the www.copyprotraders.com website. There are no per trade fees for trading that originate from Copy Pro Traders. Any and all trading fees will come from your selected exchange. Exchange fees will vary and it is your responsibility to use that information when considering your trading expenses.

10. Liability Subject to Applicable Law, neither Copy Pro Traders Europe nor any affiliates or associate third parties will be liable for any losses arising from:

- (a) actions taken by us in order to carry out your written or spoken instructions;
- (b) decisions or actions taken by an Copy Pro Traders trader that you have chosen to copy, including in connection with Portfolios; and/or
- (c) specific investment decisions or actions taken or omitted in good faith by any copied account strategy or portfolio, including portfolios controlled by us.

11. The Affiliate program offering is strictly optional and is not compulsory in any way. Becoming an Affiliate of Copy Pro Traders does not extend the rights of employee status to any user or trader.
